Dear Parents,
Greetings!

I am pleased to inform you that your ward has completed the SA 2/Annual examinations effectively. I am sure he/she would be looking forward to join the next higher class with zeal and enthusiasm, after this short mid-term break.

In this regard I would like to mention that the school has been observing from students that there is always a shortage of NCERT Books in the market, before the onset of the new academic session. The school has also received requests from few parents with regard to affordability of books. Keeping this in view the Head of wings, in our school have been advised to collect the used & unrequired Text & Reference Books from students through the HRT's & Dorm Parents. This exercise is being especially undertaken to ensure that students while entering the new class do not face any disadvantage owing to the non-availability of books or for that matter, for reasons associated with affordability. I am sure, you would take a step forward and assist the school in this purposeful and noble exercise. Presently, it will not be out of place to mention that most students normally throw away their used books. This exercise hence, is essentially directed towards stopping this practice.

The above exercise will certainly encourage our students to take good care of their books and at the same time encourage them towards community sharing, which indeed is a noble exercise.

While on this, I would advise parents to seek text books based on the above criterion, to put in an application, to the undersigned. The method of distribution of these used books will be done with regard to 'Affordability/Need' and also on a first-cum-first serve basis.

I certainly solicit your whole hearted support in this exercise of 'Giving Books' for a larger cause.

With best regard
Your sincerely

Principal
