

Dear Parents,

The summer break from school is often filled with travel plans and family get-togethers but it is also important to help our children with their learning process. We have designed the activities for an all-round development of the students through which they can constructively keep themselves engaged during these holidays.

The learning engagements for the students are designed on the theme "**Sustainable Development Goals**". We are hopeful that these activities will surely keep our little ones busy in a creative way during this summer break.

Besides the holiday homework given above, we would like to share some tips for your child to make this time a fruitful and happy period for them.

***This summer break try and make a difference***

- **Appreciate nature** --- Go for long walks in a park or garden with your family and friends.
- **Unravel the artist in you** --- Create a new story, try a new recipe with your mom, learn a new song, play a new instrument.
- **Good manners are the key** --- Respect your parents, grand-parents and all elders.
- **Use the three magical words** ---- Sorry, Please and Thank You more often. A little more courtesy goes a long way.
- **Stay fit and stay healthy** --- Play your favourite game / sport regularly, increase intake of fresh fruits and water to keep hydrated and energetic.
- **Learn about our heritage** ---- Find some time to visit monuments and museums. Learn new things related to your country.
- **Reading** --- Look for interesting books and read to enhance your communication skills and vocabulary.

**Instructions For Holiday Assignment**

- The Homework should be done as per the instructions given along with each subject.

- Notebooks for Homework of other subject are clearly mentioned along with the assignment.
- The scrapbook should be neatly labelled with the name, class, section mentioned clearly.
- The homework must be done systematically as per the given instructions.
- Parents must act as guides and facilitators but not substitutes to do the work. It must be the effort of the child.
- Homework will be assessed on the basis of neatness and originality of ideas.
- Holiday homework would be graded as Subject Enrichment Activity.
- A page of handwriting should be practiced in your handwriting notebook for both Hindi and English.

*We wish you an abundance of joy, laughter and love this summer with your family.*

With gratitude for your support.
