

Have a great

Dear Parents

The summer break from school is often filled with travel plans and family get-togethers but it is also important to help our children with their learning process. We have designed the activities for an all round development of the students through which they can constructively keep themselves engaged during these holidays.

The learning engagements for the students are designed on the theme “**Sustainable Development Goals**”. We are hopeful that these activities will surely keep our little ones busy in a creative way during this summer break.

Besides the holiday homework given above, we would like to share some tips for your child to make this time a fruitful and happy period for them.

This summer break try and make a difference

- **Appreciate nature**--- Go for long walks in a park or garden with your family and friends.
- **Unravel the artist in you** --- Create a new story, try a new recipe with your mom, learn a new song, play a new instrument.
- **Good manners are the key** --- Respect your parents, grand-parents and all elders.
- **Use the three magical words** ---- Sorry, Please and Thank You more often. A little more courtesy goes a long way.
- **Stay fit and stay healthy** --- Play your favourite game / sport regularly, increase intake of fresh fruits and water to keep hydrated and energetic.
- **Learn about our heritage** ---- Find some time to visit monuments and museums. Learn new things related to your country.
- **Reading** --- Look for interesting books and read to enhance your communication skills and vocabulary.
